

Remarks

Claims 1-28 were pending in the international stage. By the foregoing amendment, no claims are canceled, claims 5, 6, 8, 9, 11, 13, 14, 17, 19, 20, 22, 24, 25, 27, and 28 are amended, and claim 29 is added. No new matter is presented.

Specification

The amendment to the specification adds a cross-reference to the international application.

Claims

The amendment to the claims eliminates multiple dependencies, but otherwise leaves basic claim text unchanged relative to the claims found to have novelty, inventive step, and industrial applicability. New dependent claim 29 is also submitted to have novelty, inventive step and industrial applicability. Support for this claim is found in the FIG. 14 example.

Accordingly, Applicant submits that claims 1-29 are in condition for allowance. The fees are addressed in the electronic submission. Please charge any deficiency or additional fees or credit any overpayment to our Deposit Account of record.

Respectfully submitted,
